

# Welcome to our Science Lab!

Today, you are going to do some science!

Do you know these words before you start?

If you know the word, put a  under before.

# AIR! - LUFT

My name: \_\_\_\_\_

Today is: \_\_\_\_\_

You need this:

- one balloon
- one straw
- one piece of tape
- one clothespin
- two chairs
- a string
- a pair of glasses

Ask me for the things you need: “May I have .....

1. Tie the string to two chairs.
2. Put the string through the straw.
3. Blow up the balloon.
4. Close the balloon with the clothes pin.
5. Tape the balloon to the straw
6. Put the balloon next to one chair.
7. Take off the clothespin.

Draw and label a diagram of the experiment.

What happened to the balloon?

Why did that happen?

The air leaves the balloon and pushes the balloon forward! Go back to the word list. Can you put more after the experiments  than before?
